

DIVERSITY AND INCUSION POLICY

The Buffalo Music Hall of Fame has always recognized the great diversity inherent in the music community. We strive to ensure that as a organization we are also diverse and inclusive. The organization is engaged in cultural leadership by creating and supporting programs that reflect the diversity of Western New York.

All employees, volunteers and Board members whatever their national origin, age, gender, race, ethnicity, religion, sexual orientation or identity, education, disability are respected and valued.

As an organization we are committed to a nondiscriminatory approach. We provide equal opportunity for everyone involved in our organization. We are dedicated to maintaining a diverse, inclusive, transparent and equitable environment for all.
